We are Fun. We have kicks. We're the Class of '66!

Remember those days when we were all young and carefree? Ask us and we would have told you that, Yes, we would be around to celebrate our class's 50<sup>th</sup> HS reunion.

Unfortunately time has a way of influencing our pathway through life and we don't all make it to our milestone events.

This disk, in a small way, helps us to remember those with whom we knew, grew up with and attended high school with. We are all Cobblers now

and forever.

This video helps us remember those friends of ours who could not be here with us to celebrate our 50<sup>th</sup> class reunion. Slides of each person, special slides for those veterans and those killed in action, are set to music in this display of honor and respect to those classmates.

It was available to view on the website for a couple of months prior to the reunion. Now it can be part of your reunion collection. Be prepared, though, for and emotional remembrance of our classmates now departed.

## *360-degree Picture and Video miniCD*

***Ready for some cutting-edge technology? Look no further than our reunion miniCD with 360 Video and 360 Pictures. Sample the future for just \$5! Ships free when ordered with the Reunion DVD.***

Nine 360 Video and Pictures come loaded on the disk along with simple, easy-to-follow instructions on how to install the free 360 viewer on your PC. Once this program is installed you have a viewer for which to view –full screen if you want - both 360 pictures and 360 videos with sound contained on the RCHS Class of 1966 miniCD. You just drag the photos and video into the viewer and then drag the video or photo around to look in all directions: up, down, right and left. You can use your scroll wheel to zoom in or out of the picture. You will certainly enjoy exploring this newest technology! It's a far cry from the pictures we took and developed while at RCHS.

Because 360 photos and videos are large files, only a few choice pictures and videos could be loaded on the miniCD. There are a photo and video clip of the Welcome party, a photo and video clip of the school tour, and three photos inside of the dinner and a video clip of Abby Road dancers taken outside on the patio.
